

# iPhoneography

with Mathew Needleman

## Find app sales:

AppShopper (free)

create an app wishlist and receive notifications of sales

## Tier I (Everyday Use—iOS/Android)

Instagram (free)

the go to app for sharing, community, and photo editing

Snapseed (free)

simple navigation, provides filters for grunge, vintage, drama, and fine-tuning

## Tier II (Heavy-duty editing)

Photo Wizard (\$2 sometimes free)

clunky design but has very powerful tools beyond Snapseed

Photoshop Touch (\$10)

elegant design with advanced features like layers

iPhoto (\$5)

strengths include albums, sharing, and transferring photos between devices

## Tier III (Great once in awhile...cost \$0-\$5)

Camera+  
better camera app

Pixlromatic, VFXStudio  
special effects apps

Slow Shutter Free  
for blurs
